Boat Builder Vocational Training / Training

The Cape Pakarang Boatyard will complete its tsunami relief activities in March, 2007. Currently we are still building long tale fishing boats for a community of Moken Sea Gypsies on Kho Surin.

In the final several months of the project the boatyard is exposing the builders to new designs, construction methods and higher standards of craftsmanship through the construction of several purchased pleasure boats / yachts.

Locations

Phang Nga, Takua Pa, Khuk Khak, Khuk Khak, Village 3 ongoing

Notes: The vocational training is being funded through the purchase of the boats, not through donations.

Start date: Aug / 2006 End date: Mar / 2007
